Willard Service and You

It's for you that the Willard Service Stations are maintained.

It's for you that the Willard 90-day insurance plan was worked out.

It's for you that the Willard Service and Adjustment Policies you'll see in every Willard Service Station were drafted.

The meaning of Willard Service to you as a car owner is given in the booklet, "Willard Service and You." Ask for a copy next time you come in. Ask also to have your battery tested with a hydrometer so that you can be sure you have been keeping it properly charged.

The Sharon Chamber of Commerce

The Sharon Chamber of Commerce was organized in 1916 by the American City Bureau of New York City. It absorbed and took the place of the old Sharon Civic Association. A membership of 350 was built up and a comprehensive program of work was laid out. Embodied in this program of work was the plan for immediate betterments looking to the best future city growth covering such subjects as improvement of streets, sidewalks, sewers, street lighting, parks and playgrounds, and the removal of poles and overhead wires, also the accomplishment of other works that might aid and assist the city and its citizens.

The organization has aimed to use all reasonable means to create conditions which would attract new and diversified industries to Sharon.

During the course of its existence many improvements have been successfully engineered by the Chamber. Among the direct accomplishments are the securing of the Buhl Farm Trolley Extension, establishing Dollar Day (Sharon incidently is one of the best Dollar Day towns in America), staging Buhl Day, the most successful event ever put on in this valley. It also assisted in passing bond issues, very materially aided the construction of State Street bridge, gave strong support to Pymatuning Dam Bill, helped to make possible Sharon's White Way, urged the paving of State Street, conducted Liberty Bond Campaigns, helped to issue a tax list, conducted the campaign for the third class city, was one of the driving forces in the Mercer County Good Roads Campaign for a \$1,500,000 bond issue. The above are only the major works. Many other steps have been taken which have invariably resulted in civic improvement.

The Chamber has brought more noted speakers to Sharon than any other organization.

From its very inception, the Chamber of Commerce has done everything in its power to accomplish the program of work laid out. The result has been a constant growth until the membership has now reached 430 and it continues to grow. Much work yet remains to be done and new work, that only such a body can handle, is cropping forth almost daily. The Chamber of Commerce will continue to serve the city to the best of its ability.

SHARON STREET and BLOCK DIRECTORY

Showing the Beginning, Ending and Intersections of all Streets, and the Location Thereon of Every Building in the City

EXPLANATION.

In the renumbering of the city, new numbers were assigned only where building was within city limits. If the word (old) appears before the number, the building is beyond borough limits where street extends into township.

The asterisk—thus (*) indicates the occupant owns the building.

(O) after the name of street signifies street is in Ohio.

Observe the following and you can find any building.

The left side of the street from the beginning is first given and then the right. To find the location of a building, first consult the alphabetical directory for street and number. For example, turn to Elliott, J. H., and you will find h (house) 354 E State; turn to State Street and you will see that 354 is on the right and south side of street and is the first building beyond or east of Forker Street.

IN THE LONG RUN

You will find it most
satisfactory to bank at
“The Helpful Bank”

The
First National Bank

Sharon, Pa.

Tested by The Years

The First National Bank Sharon Pa.

SINCE the First National Bank was founded in 1868, both prosperity and adversity have come to this country. Times of depression have followed periods of inflation.

In times of financial stress this bank has stood staunch and firm against the storm. In times of prosperity it has not swerved from its policy of careful conservative banking.

The years have proven its safety and its conservatism.

Overland 4 makes a fundamental advance in motor car construction—the most important improvement in comfort to the passenger—work in preserving the chassis from road shocks since pneumatic tires made motoring possible.

Its Three-Point Cantilever Springs create a riding buoyancy which establishes Overland 4 as a **new type of car.**

In Overland 4, rough roads need not mar the pleasure of motoring. Passengers are not tossed from their seats by chunky ruts, or jostled by road irregularities. The car protects passengers from road discomfort.

The actual wheelbase of 100 inches permits light weight and economy. But the new flexible springs of highest grade chrome vanadium steel permit a frame and body suspension more properly called "springbase"—130 inches long. These springs are the foremost reason for the exceptional riding qualities of the car.

COMMERCIAL DEPARTMENTS

Checking accounts, Certificates of Deposits, Drafts on New York, Pittsburgh, etc.

FOREIGN AND DOMESTIC COLLECTIONS

We collect accounts in any part of the United States or Canada and collect for firms and individuals from all parts of the country.

LOANS MADE TO PROPER PERSONS OF RESPONSIBILITY

We include in this classification, people of good moral responsibility. Our aim is to conduct this department with a view to assisting the man of small means as well as the larger concerns.

CREDIT DEPARTMENT

We try to furnish customers with information of value on firms and individuals no matter where located. We also keep a file of information on all Stocks, Bonds and Investment Securities. Advice on investments freely given. Consult us before making an investment and take our advice only when it sounds good to you.

SAVINGS DEPARTMENT

All classes of Savings Accounts:

(1) Christmas Club—Regular weekly deposits paying the total with interest just before Christmas.

(2) The Thousand Dollar Club—This club runs for 208 weeks. You deposit \$1.11 or \$2.22 or \$4.44 each week and at the end of the term receive \$250.00 or \$500.00 or \$1,000. You pay in \$230.88 or \$461.76 or \$923.52 and the balance of the amount is paid to you as interest and a premium to those who complete all payments. This is one of the best savings plans ever devised.

FOREIGN DEPARTMENT

Foreign Exchange bought and sold. Remittances made to all parts of the world by mail or cable. Savings accounts received. All important languages spoken by our clerks.

A man suffers trying to take
care of a family and pay rent.

I have new homes, building lots, and good time properties, which the owner is willing to sacrifice. Among those on my list you will be most likely to find something that may fit your needs.

Why not make a bold move toward independence by outfitting me right away to financing a home by a small payment down and then continuing to pay me later.
